LA's own **Cathy Chaplin** of *Gastronomy* blog has published her first book, *Food Lover's Guide to Los Angeles*, which is available today in local stores and online. The 368-page book explores the city by neighborhood, with a focus on enclaves like the San Gabriel Valley and South Bay, as well as top picks in such categories as "L.A. Landmarks" and "Sublime Sweets." Finally, Chaplin includes recipes like **Kogi's** kimchi quesadilla and **Sotto's** grilled pork meatballs. [EaterWire]
